Committee Reports & Updates

Archivist
Submitted by: Sara Bahnmaier

Members

Sara Bahnmaier, archivist (University of Michigan, Ann Arbor), 2015-2017
Peter Whiting, archivist-in-training (University of Southern Indiana), 2017-2019
Carla Bywaters, photo historian (San Jose State University), 2016-2018
Zahra Saeedozakerin, photo historian (Concordia University), 2016-2018
Kelli Getz, board liaison (University of Houston)

Continuing Activities

The Archivist is preparing to transfer records to the University of Illinois Archives. The process for transferring digital records has been initiated by submitting a description of the types of materials and technical information. Awaiting the go-ahead to email the digital files. No paper files will be submitted for this round.

The Photo Historians and Archivist and Archivist-in-training will continue culling photos from Yahoo and Flickr to transfer to the Archives and to upload to the NASIG website. Once uploaded, the Yahoo account should be cleaned up by removing duplicates and organizing the photos that are left into groups according to the annual conference they are from.

It will need to be decided among the Photo Historians, Archivist and Archivist-in-training who will take group pictures (Award Winners, Board, Committees and All-Timers) as well as informal shots at the next conference. The NASIG Flickr account is open for anyone to add pictures. However, our Yahoo account (for organizing and storing pictures) requires an invitation from the Archivist. The Archivist will send the location of the Flickr account to NASIG-L preceding the next conference.

Completed Activities

The Board appointed Peter Whiting to serve as Archivist-in-training until the next conference, after which he will become the Archivist.

Budget

The deposit account at UIUC currently has $350 which is sufficient for paying to process the next records transfer. This will probably carry us through the next year.

Award announcements are scheduled to be distributed in early November. Revisions to the announcements, because of changes in travel expenses, have been discussed with our board liaison. Will this need to be reviewed by the board before they are posted?

Completed Activities

Worked with CMC chair David Macaulay to settle whether which committee (D&D or CMC) should be responsible for checking committee/group membership boxes in member database. We decided it would be logical for D&D to handle.

Confirmed that D&D member had AMO logins, divided up committees among D&D members, and completed project to update committee/group affiliations for the year. This annual project will be added to the D&D manual as it is revised this year to avoid future confusion.
Added new committees not previously listed in AMO to the member management section and removed any no longer extant (e.g. 30th Anniversary Committee).

**Completed Activities**

In January, Melody Dale accepted the position of vice-chair.

In March, the chair solicited feedback on new questions for the conference evaluation form from the Program Planning Committee and Conference Planning Committee chairs as well as from then-Board Liaison Steve Oberg. A mid-year committee report was submitted March 31, 2016.

In May, the chair sent a draft of the conference evaluation survey to committee members for comment. The survey was finalized and sent to the Communications and Marketing Committee on May 20, 2016. Reminders to NASIG members were sent out before, during, and after the conference to encourage participation. As an incentive to participate, a $50 Amazon gift card was awarded by random drawing. The gift card recipient was Laura Secord from Macalester College.

The Committee received 16 requests for individual conference evaluation results, all of which were sent by August 2016.

In July, a final report of the conference evaluation results was provided for the NASIG Newsletter. A separate confidential report with a confidential link to the raw survey data was sent to the Executive Board, as well as the chairs of the Conference Planning Committee, Continuing Education Committee, and Program Planning Committee.

In August, the committee began work on preparing a NASIG Committees Self Evaluation survey to submit to all current committee members as well as previous chairs/co-chairs. The survey was finalized and distributed in September.

**Completed Activities**

- We are up to date in sending welcome and non-renewal letters.  
- Doodle poll to set up October meeting was sent.

**Questions for Board**

- Would it be a good idea to provide a brief survey for incoming members to find out why they joined NASIG and how they expect NASIG will contribute to their professional growth?

- What does the Board want us to address this year?

Call for Proposals: The call for proposals will be open from September 30 - November 15, 2015, continuing the practice of the past several years of having one long call for proposals, with the option of extending the call if necessary. Reducing the number of call for proposals has helped PPC make better selections, since we can look at the pool of proposals as a whole, and not divided between two calls. While October/November may seem rather early for a mid-June conference, it is not as early as calls in the past, and it would be logistically challenging to move the call later in the year.

Once again, this year’s call for proposals will continue to target the core competencies, however, we have added a project management category to encourage new types of proposals. Additionally, follow-up messages will be sent during the call period targeting topics in areas identified in the 2015 conference feedback forms.

The PPC will once again be using the proposal collecting product called Proposal Space (www.proposalspace.com) to collect and review all of the proposals.

Conference Schedule: The 2017 draft conference schedule accompanies this report.

Vision Speakers: We have confirmed Vision Speakers and are awaiting signed MOUs.

Preconferences: The selection and planning of preconferences is not as far along as the Chair would like, and the Chair takes full responsibility for this problem. The committee has expressed their preferences for preconference topic, but we still need to identify speakers to actually conduct the workshops.

The PPC membership has been most favorable toward the following topics:
- MARCEdit (repeating the very successful 2015 preconference)
- Project Management/Management Tools
- Research Data Management
- Collection Assessment
- Linked Data/BIBFRAME
- COUNTER/other statistical tools

The Chairs anticipates that there will be further developments in this area to discuss at the Board meeting on October 11th.

Great Ideas Showcase & Snapshot Sessions: The Great Ideas Showcase will continue to be a platform for poster, multimedia, and three-dimensional programs, and the Snapshot Sessions will provide speakers the opportunity to share information in brief presentations. They will once again be held at the same time, but we will be looking for opportunities/space to have the Great Ideas Showcase content either displayed early or left on display longer so that everyone can see what they need to or want to see.

Student Snapshot Sessions: For the first time, the Student Outreach Committee will solicit proposals from SILS students to conduct snapshot sessions at the
conference. SOC will publicize the call for proposals and will select the presenters. PPC will provide a slot for these Student Snapshot Sessions on the program. At SOC’s request, this session will take place during other concurrent sessions, as they would prefer to lessen the pressure on the student presenters by not having their snapshot presentations be the only conference content available at a given time.

Lightning Talks: PPC will once again schedule and provide time for Vendor Lightning Talks for vendors who have met the sponsorship requirement and are interested in giving a talk.

Budget

A budget request for the 2016/2017 Program Planning Committee has been submitted.

Questions for Board

- Does the Board want the PPC to leave presentation slots open in the schedule to allow for presentations on late-breaking/last minute topics? This will be important to know before we begin selecting presenters in January.
- Should the Student Snapshot Sessions be given a different name so as to differentiate them from the (regular non-student) Snapshot Sessions?
- One or more members of the Board suggested the idea of a preconference to explain the basics of the current cataloging environment to non-catalogers. This was not one of the preferred topics among the PPC, but does the Board wish for us to pursue this idea?

Submitted by: Anne E. McKee

Members

Anne E. McKee, Conference Coordinator (GWLA)
Anna Creech, President (University of Richmond)
Steve Oberg, VP/Pres-elect (Wheaton College)

Continuing Activities

Site Selection Team has identified two cities to travel to for site visits. If neither of these cities pan out, McKee will send out the RFP again with different cities on the east coast. Creech and Oberg have decided that the food & beverage could be increased based on expenditures from recent conferences but we are still trying to hold steady on lodging room prices.

Completed Activities

Sent out 2018 Annual Conference RFP on Aug. 4th, 2016 with deadline of Noon on Sept. 13th to CVBs (Conference and Visitors Bureau) in six cities on the east coast. Received responses from three cities.

Budget

No expenditures yet, but will include travel when dates have been arranged. Estimated $2,500.

Actions Required by Board

For lodging prices to remain the same, we might need to must look to 2nd and 3rd tier cities where travel to and from the location may be more difficult

Jennifer Combs, member (Kansas City Public Library)

Emily Ray, member (University of Arkansas, Little Rock)
Angela Dresselhaus, board liaison (East Carolina University)

Continuing Activities

As a committee newly formed in early August 2016, much of Standards’ activities are continuing. The committee is in the process of finalizing its structure and procedures, including the creation a committee manual which is still in the draft stage.

Assignments and responsibilities are being fleshed out for the interactions with partner organizations, currently NISO and Project COUNTER. NISO workflows are almost completely solidified. Project COUNTER is still under review. NISO prohibits sharing of ballot information on an open listserv or in any other forum to which non-NASIG members might have access. As such, the committee is working with CMC to create a password-protected page on the NASIG website to be used for sharing information regarding upcoming ballots. Membership input regarding these ballots will be sent to the committee’s email address.

Completed Activities

The committee has agreed upon a monthly meeting schedule and has held its inaugural meeting to discuss the committee charge and other administrative details. A shared Google Drive folder structure has been created to store working and administrative documents. The committee calendar has been established and the initial committee duties assigned. Jie Li has been appointed to serve as web liaison.

NISO requires partner organizations to select two official representatives who will receive information about upcoming ballots and who will shepherd the partner organization’s proposed standards through the approval process. Beverly Geckle and Christina Geuther have been appointed as NASIG’s official NISO representatives. Beverly has been selected as the primary representative, and will cast NASIG’s official vote in all ballots. Christina will be her back up if she is unable to vote.

Budget

$200.00

Action Required by Board

Review the proposal for term lengths for representatives to partner organizations, and approve or suggest revisions.

Completed Activities

In the summer of 2015 a Membership Committee proposal to the Board was approved and free student membership was offered to students. Approximately 400 student members have now joined NASIG. At the request of the Board SOC conducted a survey of these new student members. The Summary of Results from the New Student Members Survey was published in the September 2016 Newsletter.

Continuing Activities

The SOC members and ambassadors reach out to the various library and information schools on an ongoing basis to make sure they know about the NASIG conference and scholarship opportunities. SOC continues to recruit new ambassadors which will make connections with individual library schools.

In addition to SOC regular activities SOC has two initiatives for the 2016-17 year:

1) Formal Mentoring Program - The Mentoring Group & SOC are currently collaborating on creating a formal mentoring program between student NASIG members and professional NASIG members. A proposal to the Board will be submitted prior to the Fall Board Meeting. If approved the two committees with pilot this formal mentoring program which will start at the 2017 Conference.

2) Student Snapshot Sessions - A&R, PPS & SOC are collaborating to develop a Student Snapshot Session during the 2017 Conference. Modeled after the “Snapshot Sessions” at the 2014 NASIG Conference, these Snapshot Sessions would reserve an hour block during the conference for “Student Snapshot Sessions.” Current library school students will be invited to submit a snapshot session proposal, for a ten-minute presentation at the NASIG conference. Student award winners will be offered the chance to present first. An open call for proposals from students will go out if not enough of the award winners wish to present. The session topics would not be limited in subject, and students could present on their thesis topics, final projects, interesting class projects, or other individual and group ideas that are central to the NASIG mission. SOC will work with the ambassadors to distribute information regarding the awards, and to highlight any funding that library schools may provide for students that participate in a conference program.

Budget

The budget for the SOC is $100 covering the printing of SOC ambassador handouts for recruitment or for mentoring orientation documents if the pilot is approved.

Archives Task Force

Submitted by: Sara Bahnmaier

Members

Sara Bahnmaier, co-chair (University of Michigan, Ann Arbor)
Peter Whiting, co-chair (University of Southern Indiana)
Eleanor Cook, member (East Carolina University)
Carol Ann Borchert, board liaison (University of South Florida)

Continuing Activities

Conference Calls: The Archives Task Force held monthly conference calls in July, August and September.

Videos: In 2009, several NASIG members granted interviews that were recorded, edited by David Winchester (Wichita State) and shown as part of the 2010 25th anniversary celebration in Palm Springs. Twenty-seven video clips were obtained from the NASIG Digital Archives at the University of Illinois Archives. We asked the interviewees to view their clips before submitting to the Communications & Marketing
Committee for posting on the NASIG Conferences YouTube channel
(https://www.youtube.com/channel/UCVvnh_CzXS8Ygf	uvlypTiQ)

Several more interviews had been recorded but only recently discovered in the archives; however, there have been technical difficulties with transmitting and opening the MP4 files. The task force continues to work on posting all of the interviews available to YouTube. The project is nearly complete.

History Update for the NASIG Website: The 30th Anniversary celebration webpage was added and the task force is working to complete the Board Rosters, Committees, Task Forces, Budget History, Membership Numbers, Annual Conferences, Student Grant Applicants and Awards, Student Grant Winners and Scholarship and Award Winners. Memorials and All-Conference Attendees have been updated.

Charge to Investigate Moving & Digitizing the Archives: Our goal is to investigate digital archiving services at the current location, UIUC. There, a digital archive has been created to contain audiovisual files. Their description is online and they can be downloaded upon request (the request is made at the UIUC Archives). We have PDFs and photos that could be deposited if UIUC Archives will create the schema. We will compare this option with the effort required to start and maintain a repository site of our own using a service like Digital Commons or the like. We also need a confidential (board-only) option for select materials. The task force is planning a conference call with the UIUC Archivist in October or November.

Completed Activities

Videos: Twenty-three video clips have been cleared to be posted on the NASIG Conferences YouTube channel (https://www.youtube.com/channel/UCVvnh_CzXS8Ygf	uvlypTiQ)

Memorials: The task force sent a message to NASIG-L requesting names for the memorial webpage. The updates from 2009-2016 have been completed.

All-Conference Attendees: A recent picture and caption listing the all-conference attendees was posted on the NASIG website.

Budget

The deposit account at UIUC to pay for hourly work contains $350. UIUC told us this is sufficient for routine addition and arrangement of deposits, in digital or paper format. Our investigation will look into the further expenses of digitizing the paper archives.

Questions for Board

Digitizing the paper archive is the kind of work that a graduate student might do and learn from. The task force would like to investigate whether the UIUC Archives would be willing to make a temporary arrangement for paid field work as a learning opportunity for a student. If we don't currently have an ambassador to UIUC - would we need one? Do we have an active NASIG member at UIUC who might be able to help with recruiting and supervising an internship?
